

ISCAL

ISCAL Working Paper Series

The objective of the *ISCAL Working Paper Series* is promoting and disseminating the scientific and technical research of the professors and researchers of the ISCAL - Instituto Superior de Contabilidade e Administração de Lisboa.

The *working papers* submitted to the *ISCAL Working Paper Series* should be written either in English or Portuguese and include abstract, keywords, and JEL classification.

Submitted *working papers* are subject to the “single blind” revision process performed by the professors and researchers of the ISCAL or, if necessary, external professors and researchers. The revision process ought to be accomplished within 1 month.

Submissions should be sent to the principal coordinator of the *ISCAL Working Paper Series* – email: research@iscal.ipl.pt. After receiving the submission, the principle coordinator assigns it to a scientific-technical area coordinator. In its turn, the scientific-technical area coordinator appoints a reviewer.

Working papers accepted for publication will be indexed in RePEc and ISSN.

Principal coordinator: Mariya Gubareva

Scientific-technical area coordinators: Carlos Pinheiro, Clotilde Paulina Palma, Fernando Martins, Fernando Miguel Seabra, Hélder Fanha Martins, Maria do Rosário Justino, Marina Antunes, Orlando Gomes, Sónia Bentes.
